About real estate

We would like to introduce the design project Concept 7. It is a 46-storey residential complex by Condor Group. The project will be located in the highly sought after Jumeirah Village Circle in Dubai and is scheduled for completion in December 2024.

We offer for sale both 2 bedroom and 3 bedroom apartments with balconies. The apartments are designed according to the latest interior design trends in light colours. The emphasis is on quality and design. Kitchens will be fully equipped with appliances. Thanks to the built-in wardrobes in the bedroom you will have plenty of storage space.

Residents will have access to a swimming pool, children's pool, gym, business centre, cafe, sauna and spa. An exceptional feature of the complex is that pets are welcome and there will even be a separate corner for them in the residence.

All amenities can be found in the Jumeirah Village Circle neighborhood. Dubai Marina, Palm Jumeirah, Al Khail Mall, Business Bay and Mall of the Emirates are all within 20 minutes from the residence. Burj Khalifa and the international airport can be reached in just 30 minutes. Right next to the residence is a park with approximately 10 km of trails ideal for running.

There are multiple units for sale in the project, the property advertised is to showcase the possible layouts. Prices may vary depending on unit specifications. You will be given a tour of Dubai by a Czech speaking broker.

Please feel free to contact us for more information.
