About real estate

The new luxury residential project Montana Oceano in the south-west of the tropical island of Mauritius is designed for the most demanding clients. Choose from stylish apartments 4+kk or exclusive penthouses 3 - 4+kk, which, thanks to their elevated position and stepped terrain on a slope from 107 to 123 m above sea level, offer fantastic living in lush tropical nature and unobstructed 180-degree panoramic views of the savannah valley and the vast Indian Ocean.

Also on offer is the last two cottage-style houses - intimate 3-bedrooms with private pool on a private plot of almost 700 m².

Sunsets, regular rainbows, starry skies, breathtaking panoramas of the sea and mountains can be enjoyed every day from your own terrace.

The development project consists of 13 apartments and 4 private villas and is situated on two plots close to each other: The three-block Montana Oceano Apartments comprises a total of 3 luxury penthouses and 10 modern apartments, all with expansive terraces with panoramic views of the surrounding area, thoughtful ventilation and ample sunlight. The project's undisputed strength is its thoughtful outdoor space - the secure private residence includes a swimming pool, garden, fitness area and children's playground. All properties have secure parking for two vehicles.

Montana Oceano Villas are four separate spacious homes with private pools on private grounds.

Montana Oceano is a chamber development located on the top of a hill in Domaine de Palmyre in the sought after Black

River/Le Morne area. It is located opposite Les Salines and just 500 metres from the port of La Balise. This area has great potential thanks to its perfect combination of sea, best beaches and nature, making it an ideal choice for a myriad of activities including snorkelling, diving, windsurfing, kitesurfing, kayaking, paddleboarding, sailing or hiking. For golf lovers there are four top golf courses (15-30 min drive).

The international airport is 52 km away and takes around 70 minutes to get there, the capital Port Luis is 35 km away and can be reached by car in around an hour.

Mauritius today is one of the safest and most sought-after places in the world to relocate or second home, and whether you're a digital nomad or planning to retire or do business here, the island's top-notch amenities and healthcare, well-developed transport infrastructure, international schools and myriad sporting and cultural opportunities make it a tropical paradise where you can live, work and play.

Construction of the project is scheduled for 2Q 2024, with the project to be completed by the end of 2025.

For more information please contact us, we will also arrange a tour on site.
