It is a very well built non-residential unit approved as a dental centre. There are also facilities for the staff, consisting of a day room (8,2 sqm), a female changing room (6,6 m²) with a bathroom including a toilet (4,4 sqm), a male changing room (2,1 sqm) with a bathroom including a toilet (3,1 sqm) and the technical facilities of the unit, i.e. a storage room and server (7,7 sqm), a technical room (1,1 sqm) and a cleaning room (1,1 sqm). The unit also features a terrace in the building's inner courtyard, accessible from the reception, which serves as a relaxation area during the summer months. Access to the unit is via two separate entrances: one for patients and another for staff.

The dental center is fully equipped for patient treatment. In addition to the three dental chairs in each treatment room, the rental includes a 3D X-ray machine, two smaller X-ray machines in the treatment rooms, a fully equipped laboratory, furniture, PCs, refrigerators in each treatment room, and more. A full list of the equipment will be provided to serious rental inquiries.

The number of treatment rooms can be expanded to five (including the current laboratory room).

The rent for the commercial premises is 252,000 CZK/month, with additional fees (excluding electricity) amounting to 28,937 CZK/month. Electricity will be paid by the tenant separately, based on the center's consumption.
