About real estate

In a quiet part of Kladno, on the site of a former brickyard, a new residential project will be built with 104 spacious apartments in 6 houses with smart energy and 1000 sqm community garden. All this with Prague within easy reach.

Nová Cihelna Kladno is a development project that not only combines state-of-the-art technology, sustainability and architecture, but also provides its users with a connection and close contact with nature, the surrounding greenery and common space. The Kladno - Rozdělov urban district is the best place to live with nature within reach and at the same time a perfect connection to Prague.

The apartments are located in a total of 6 low-energy houses, which guarantees a pleasant intimate living, with 1000 sqm of garden with landscaping for community gatherings, seating and pleasant relaxation. A children's and workout/fitness playground will also be designed.

The energy class A project emphasises low-energy operation and sustainability. It provides for air-to-water heat pump heating, underfloor heating with aftercooling, controlled ventilation with heat recovery and efficient domestic water solutions. The bathrooms will have designer heating elements and the floor will be electrically heated. It will also include PV on the roofs and large-format windows with insulating glazing for plenty of natural light.

Vinyl mineral floors (wood floors as standard), designer tiles and ceramic tiles in a choice of several decors. The project offers superior and sustainable materials, in the bathrooms furnishings from Villeroy Boch, Hansgrohe. The main emphasis is on originality, functionality and aesthetics. The whole complex is adapted for wheelchair access, including elevators.

The location of the project allows excellent connections to Prague - by car thanks to the D6 motorway, by bus thanks to the direct connection to Zličín or by train to the centre of Prague thanks to the planned fast railway. Prague's Zličín is accessible by car in 20 minutes, near the house public transport stop Kladno, Rozdělov with a direct connection to Zličín. In the immediate vicinity of the project there are all civic amenities. Schools and kindergartens, restaurants, cafes, shopping centers, regional hospital. The surrounding beautiful nature and sports facilities offer opportunities for various sports activities and hiking or cycling trips.

The developer of the project is Pierre Grafen a.s.

Completion of the project is scheduled for 12/2026, handover of apartments in 1Q 2027.
