About real estate

This terraced house in the mountain village of Esporles, in the west of Mallorca, offers a total living area of 260 m² and extends over a plot of 630 m². The house is built of natural stone typical of Esporles and offers five rooms, four of which are bedrooms.

Inside the house you will find four bedrooms, three of them upstairs and one on the ground floor. All rooms are air-conditioned, ensuring comfort in all seasons. The bedroom on the ground floor has its own bathroom, while upstairs there are two more bathrooms. The house has a spacious underground parking with capacity for at least four cars. The garage leads directly into the living and dining area, where large sliding doors lead out onto the terrace with garden.

The exterior of the house is as attractive as the interior. In the garden there is a swimming pool, ideal for refreshing in the summer months, and several fruit trees. The spacious garden provides plenty of room for relaxation and outdoor activities.

Esporles, where the house is located, is a picturesque mountain village in the Tramuntana Mountains. This town has retained its original charm with its stone houses and narrow streets. With good motorway links, Palma can be reached in around 15 minutes and Palma de Mallorca International Airport in 25 minutes. Esporles also has several restaurants and bars on the main street and a popular market is held every Saturday. This location is ideal for those looking for a quiet life in a traditional Mallorcan setting with a convenient location close to the city.
