About real estate

Jizerské Chalety is a new mountain project of modern luxury chalets in a charming location in the Frýdlant region, in Lázně Libverda, 20 km from Ještěd, 10 km from the Jizera Highway. The chalets stand on their own spacious plot on the southern slope with a view of the opposite massif of the Jizera Mountains.

Currently, you can see the first two of them and enjoy their atmosphere.

This chalet of 6+kt is located in the second line of the project area and has access via a private driveway with an electric driveway. controlled gate to the project. Its total area is 203 sqm and includes a sauna with a relaxation room and an equipped kitchen with dining room. Around the house is a 28 sqm terrace made of granite blocks. The plot of 1600 sqm is sloping and the garden part will be planted with permanent vegetation. The higher position of the house on the project area allows a view of the Jizera Mountains. On the ground floor of the chalet there is a vestibule, a utility room, a storage room, a bathroom, a room, and especially a spacious glass living room with views (56,6 sqm). On the first floor there are 4 bedrooms and an upper bathroom. At the house there is parking for two cars.

The architectural design respects the character of the mountain development, leaving the building with the appearance of a country house, but at the same time combining it with modern elements. The southern moderately sloping grounds of the chalets are landscaped and tastefully fenced with an alpine-style fence made of granite and treated brushed spruce. Due to the sloping nature, part of the garden will be used as an ornamental area and planted with perennials, further enhancing the privacy of each house.

Characterized by high quality construction and interior standards made of natural materials (granite, stone, wood, brick) that will provide the most pleasant home background. Technology and intelligent management will give you the everyday comfort you are used to. LOXONE smart control, el. Controlled outdoor blinds, heat pump air water. Each chalet includes a designer sauna and a stylish kitchen from the proven German manufacturer Schüller and a dining room with original solid wood table. The house is built of Porotherm Eko+Profi and insulated with external thermal insulation UNI 50/80 and sprayed polyurethane insulation foam. The windows are aluminium with triple glazing with electric blinds. Heating by heat pump Stiebel Eltron air - water and additional fireplace. Heat distribution by floor heating. The houses are connected to the municipal water and sewerage system. The façade is made of brushed spruce cladding.

The location of Lázně Libverda is far enough away for you to live and contemplate in peace, and at the same time close enough for you to comfortably reach this house for shopping and entertainment - 20 minutes to Liberec, 20 km to Ještěd, 10 km to the Jizera Highway, 100 km to Prague.
